

IDAHO HOUSE REPUBLICAN CAUCUS

Clearing up the Confusion

The Idaho House Republican Caucus continues to work for Idahoans but recent statements have clouded the issues and now is the time to clear things up and eliminate the confusion.

WE ARE...

- We **ARE** ensuring that all Idahoans are considered “essential” during any emergency disaster declaration.
- We **ARE** standing up for Idahoans by confirming their right to gather and right to personal responsibility.
- We **ARE** ensuring that the Governor may not alter, adjust, or suspend Idaho Code during a disaster declaration.
- We **ARE** adding a review process by local elected officials for isolation and quarantine actions and decisions.
- We **ARE** limiting emergency disaster declaration length but allow for extension by the Legislature.
- We **ARE** leading.

WE ARE NOT...

- We are **NOT** eliminating the Governor’s ability to declare an emergency.
- We are **NOT** endangering the federal funds stemming from the emergency disaster declaration.
- We are **NOT** working to slow the emergency response to COVID-19 or the vaccine rollout and distribution.
- We are **NOT** stripping the Governor of required and necessary executive powers.
- We are **NOT** claiming powers beyond our scope but are restoring the balance between branches.
- We are **NOT** going to stop working for our constituents.
